

# Halloween Composing

Direction: Print off Halloween Friend cards and story. Shuffle the cards and the student draws a card and writes in the first empty blank what is on the card. Once they are done with the cards, shuffle again and finish off the story. A silly way to tell a Halloween story.

There once was a \_\_\_\_\_, who wanted to have a new friend.

So the \_\_\_\_\_ decided to walk outside on a cool Halloween night and meet \_\_\_\_\_.

The two new friends talked and watched kids go trick or treating. The new friends saw \_\_\_\_\_, asking to join their party.

Now the three new friends were standing in front of \_\_\_\_\_ house and decided to go trick or treating.

There they found out the largest basket of \_\_\_\_\_ to eat.

On the front porch was a \_\_\_\_\_ all bright orange.

The friends decided to carve the pumpkin with the face of \_\_\_\_\_.

Their favorite part of Halloween night was they all saw \_\_\_\_\_, who was actually leaving to go on a trip to Halloween Town. So all the new friends decided to pack their bags and go to Halloween Town.
